KARAPET SOGHOMONYAN

JUNIOR SOFTWARE ENGINEER

✉️ karenoskaros@gmail.com
📞 +374 96 88 98 62
📍 Yerevan, Armenia

PROFESSIONAL SUMMARY

Motivated Junior Software Engineer with hands-on experience in modern web development technologies and strong operational background. Currently transitioning from logistics management to software development, bringing unique problem-solving skills and attention to detail. Experienced in full-stack development with HTML, CSS, JavaScript, TypeScript, and React ecosystem. Passionate about creating efficient, scalable solutions and continuously expanding technical expertise.

TECHNICAL SKILLS

Frontend Development

- Languages: HTML5, CSS3, JavaScript (ES6+), TypeScript
- Frameworks & Libraries: React, Tailwind CSS
- Styling: Responsive design, CSS Grid, Flexbox

Backend & Runtime

- Runtime: Node.js
- Package Management: Yarn, npm

Development Tools & Workflow

- Build Tools: Vite
- Code Quality: ESLint, PostCSS
- Version Control: Git, GitHub
- Deployment: GitHub Pages
- CLI Tools: gh-pages

Additional Skills

- Process Automation & Optimization
- Project Management & Coordination
- Problem-Solving & Analytical Thinking
- Team Collaboration & Communication

PROFESSIONAL EXPERIENCE

SELF-DIRECTED LEARNING & SKILL DEVELOPMENT

Yerevan | January 2024 – Present

- Completed comprehensive web development training focusing on modern JavaScript frameworks and development workflows
- Built multiple projects using React, TypeScript, and Tailwind CSS to demonstrate practical application of skills
- Mastered development tools including Vite for fast builds, ESLint for code quality, and GitHub Pages for deployment
- Developed expertise in responsive web design and modern CSS frameworks
- Practiced version control workflows using Git and GitHub for project management

LOGISTICS MANAGER

Cosmo Freight, Yerevan | September 2022 – November 2023

- Optimized complex itineraries, managing multiple driver itineraries and delivery schedules
- Led cross-functional coordination of operational units, improving resource allocation efficiency by streamlining processes
- Maintained high client satisfaction through clear communication and proactive problem-solving
- Implemented systematic documentation processes, demonstrating strong attention to detail and process improvement skills
- Managed multiple concurrent projects while maintaining quality standards and meeting tight deadlines

---

PROJECTS & PORTFOLIO

Available for demonstration during interview

- **I**nteractive web applications built with React and TypeScript
- Responsive designs implemented with Tailwind CSS
- Automated deployment pipelines using GitHub Pages
- Clean, maintainable code following ESLint standards

EDUCATION

Transport Automation and Electrification

Armenian National Agricultural Academy, Yerevan

Miniature Artist

Yerevan State Vocational School of Decorative Arts, Yerevan | 2014 – 2017

LANGUAGES

- Armenian (Native)
- English (Intermediate)
- Russian (Intermediate)

KEY STRENGTHS

- **Technical Adaptability**
  Quick learner with ability to master new technologies and frameworks

- **Process Optimization**
  Experience in identifying inefficiencies and implementing systematic improvements

- **Cross-functional Collaboration**
  Proven ability to work effectively with diverse teams and stakeholders

- **Detail-oriented Execution**
  Strong focus on code quality, documentation, and best practices

- **Problem-solving Mindset**
  Analytical approach to breaking down complex challenges into manageable solutions
